24. IN MEMORIAM

In Loving Memory of

KERRY WAYNE

MALLEY

Born Sept. 14, 1960

Died Sept. 2, 1977

There is born in every man a certain fear

That the Lord will take a loved one, dear.

And so it happened that terrible night,

The tragedy that confirmed a Mother's fright.

The lonely months have turned into years.

I still find it hard to hold back the tears.

It's sad to think that you'll never grow old.

That's the best years, or so I've been told.

There's only a memory to say you were here,

And a terrible need to hold you near.

If only we could talk and visit awhile.

And it would mean so much to see you smile.

I still feel your presence as though you were here.

There is a special place for you in my heart,

You are with me dear, in my every thought.

MAJOR SERIES

Three major public television series premiere this fall on the Mississippi ETV Network.

Beginning in October, Mississippi viewers can see "Vietnam: A Television History," described by the New York Times as "one of the most ambitious public affairs projects in the history of public television."

"The Emigrant Saga," starring Liv Ullmann and Max von Sydow; and "Dinner at Julia's," in which the "French Chef" Julia Child returns to television but with a lot less time in the kitchen.

"Dinner at Julia's" is a new series of adventures with Julia Child. The series focuses on entertainment, as well as recipes, and each week has an on-location sequence in which Julia goes to gather ingredients for the main dish of an elegant dinner party.

Public television's 1983-84 season officially begins this year in October with these series and many more. Times and dates of upcoming programs will be announced at a later date.

Highway patrol issues holiday driver warning

The Mississippi Highway Safety Patrol issues a stern warning to motorists regarding speeding and drunken driving during the Labor Day holiday.

Col. Donald Butler, patrol chief, says, "Since this is the second three-day holiday to be observed under the new DUI law, drinking drivers should know by now that the highway patrol means business."

"We hope stepped up enforcement of the DUI law during the 78-hour labor Day holiday will lower the number of traffic fatalities," Butler explains.

The holiday period began at 6 p.m. Friday and ends at midnight Monday.

"Our troopers will be out in full force running regular patrol and manning roadblocks. All days off and leaves of absence have been cancelled," Butler states.

"We will be manning roadblocks in areas known to be 'high risk' for accidents. Selected areas will be manned 24-hours a day," Butler warns.

He says speeding has increased on major interstate and two-lane highway systems.

"Fifty-five is the maximum speed limit. We hope drivers will obey the law. Violators will be ticketed," he adds.

Some five accidents killed 10 people during the Labor Day period last year. Eight of the 10 deaths took place on Friday, shortly after the observance began. The other two occurred on Saturday and Sunday. Monday was fatality-free.

The deadliest Labor Day holiday period on record was in 1977 when 19 people were killed in 12 accidents.

Butler says since this is the last major holiday of summer, students will be returning to the various colleges and universities across the state. Law enforcement officials are expecting traffic volume to be extremely heavy.

Reminding citizens about a specific problem associated with warm weather holidays, Butler says, "Three-wheelers are not to be driven on highways. It's dangerous and unlawful. Parents are reminded of their responsibility to prevent their children from breaking this law."

Rutherford announces for Hancock Circuit Clerk

J.D. (Big John) Rutherford Jr. announced his candidacy for the office of Hancock County Circuit Clerk.

The native of the Bayou LaCrosse Community served as Hancock County's Chancery Clerk 1972-80 and is retired from the U.S. Postal Service.

He and his wife Rose reside on Main Street, Bay St. Louis, and are the parents of Dr. J.D. Rutherford, III, James L. Rutherford, Jeff Rutherford, Mrs. Anthony (Jeannie) Moran, and Janelle Rutherford of Bay St. Louis.

A graduate of Bay High and Perkinson Jr. College, veteran of World War II, Rutherford is active in numerous veterans, civic and church organizations.

In announcing his candidacy, Rutherford stated, "Due to my experiences as an internal revenue officer, also serving eight years as a chancery clerk, consisting of youth court and chancery court, I feel I am well qualified for the position."

Rutherford is seeking the position created when Jerry Hietzmann, the Democratic nominee for Circuit Clerk, withdrew from the race last Wednesday.

Federal Land Bank lowers interest rates

The Federal Land Bank of New Orleans, the area's leading agricultural lending institution, will lower its interest rate on all variable rate loans by one quarter of one percent.

This represents the third rate reduction approved by the bank in the past ten months, and a welcome sign to area farmers that credit conditions may ease in the months ahead.

The new rate, which will become effective on Sept. 1, 1983, will be 11 1/4% on farm loans and 11 1/2% on rural home loans as well as farm related business and facility loans.

"The bank is continuing to experience lower funding costs and it is our policy to pass the savings directly to our member-borrowers," stated Warner L. Bruner, Jr., president of the bank.

"It continues to be our goal

to provide credit at the lowest possible cost, consistent with sound business practices."

The Land Bank makes and services long-term farm and rural home loans through 33 Federal Land Bank Associations in Alabama, Mississippi, and Louisiana. It currently holds over 50 percent of the farm real estate debt in the three state area for a total of more than \$3 billion.

The United Way needs your support

The 20th annual United Way of Hancock County campaign is underway with contributions being solicited for the 15 agencies supported by the local agency.

Letters are being sent to contributors of previous years and also to additional businesses and residents. Several volunteers will also be calling on some businesses for contributions and setting up payroll deductions for employees.

We at The Sea Coast Echo have been using payroll deductions for the United Way, like many others in Hancock County, over the years. It is amazing how only one, two or four dollars a month from each employee can add up at the end of each quarter.

The 1983 campaign chairman is Hilda Bourg, as many of you already know. The goal of \$45,000 is very realistic and can be reached with the help of everyone.

A new agency has been added to the United Way in Hancock this year, and that is the YMCA. We realize there is no YMCA in our county as yet, but efforts are underway to establish such a facility.

There is a tremendous need for our youth to have a place to spend idle hours, Mrs. Bourg stated at the fund drive kick-off Thursday.

Agencies supported by the United Way are the Hancock County Emergency Relief Fund, Gulf Coast Mental Health Program, Mississippi Council of Epilepsy, Inc., American Red Cross - Hancock County Chapter, Hancock County Blood Bank, Senior Citizens Programs, Retired Senior Volunteer Program (RSVP), Catholic Social and Community Services, Salvation Army, Goodwill Industries, USO (Worldwide), Girl Scouts - Gulf Pine Council, Boy Scouts - Cypress District, YMCA, and the Firemen's Doll and Toy Fund.

Every day of the year the United Way supported agencies are working in Hancock County. Thousands of folks are helped each year by the various agencies.

From our youth in scouting to numerous senior citizen programs, all ages of our community are aided and helped by the United Way.

We hope that when you are called on, you will help this very worthwhile drive.

Give the United Way...thanks to you, it works for all of us.

Quotables by Cuevas

Tomorrow is Labor Day, it is a time everyone is supposed to relax and enjoy themselves.

Well, not everyone, because law enforcement officers, firefighters, and hospital staff personnel are those who still have to work in addition to several other professions.

Those who have the day off, we hope you enjoy yourself, and most of all have a safe holiday.

As most of you know, the new Drunk Driving Law is in force in Mississippi.

If you have a tendency to drink, we urge you to please have someone else drive you home.

We have noted in recent weeks several persons working around the Hancock County Courthouse working off their DUI conviction sentences.

Remember, the new DUI law is being enforced.

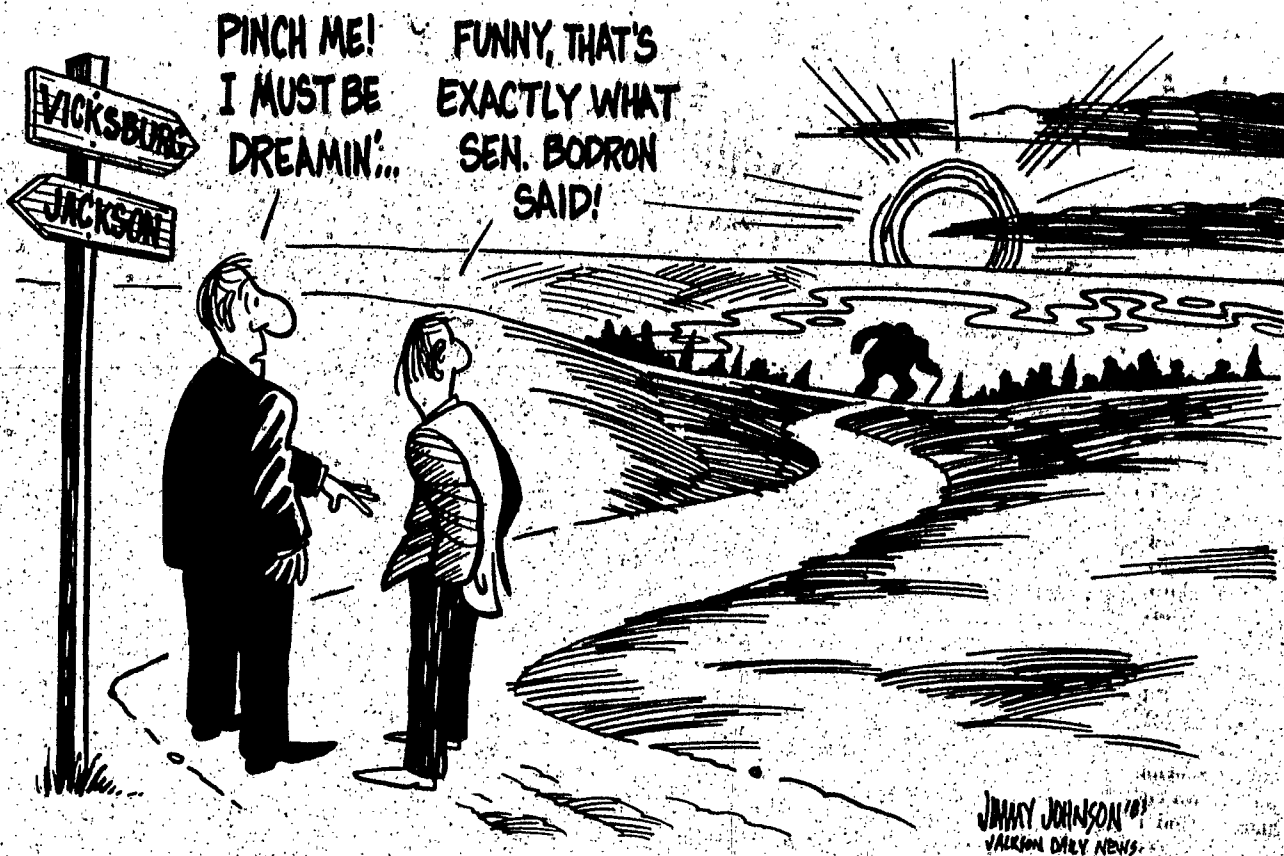

Have a happy holiday!

A site for a new hospital has been the topic of discussion in recent weeks.

There is a need for a new hospital, and we are hoping a site suitable to everyone will be selected.

We do realize it will be very hard to please everyone as to where a new hospital will be located.

We hope the issue will be settled very soon.

HIGH BLOOD PRESSURE IS HELPING TO KILL ONE-SEVENTH OF AMERICA'S ADULTS. AND THEY DON'T EVEN KNOW IT.

Every year, hundreds of thousands of Americans die needlessly from heart disease, strokes, and kidney failure caused by their High Blood Pressure. And most didn't know they had it.

So see a doctor, or visit a clinic. It's a lot better to know if you have High Blood Pressure, than to die from ignorance.

HIGH BLOOD PRESSURE. Treat it...and live.

Coroner's consideration, compassion praised by Waveland resident

Dear Editor,

Carl Banderet, the Hancock County coroner, is a credit to our community. I did not know Mr. Banderet at the time of our sorrow at the death of our son Joseph Gardner.

He was very considerate and showed much compassion at our time of need and went out of his way to assist us.

At our request Mr. Banderet took our son Joseph to the funeral home of our choice.

His courtesy to our family was so greatly appreciated. This man, in our opinion, is of the highest caliber and very efficient at his job.

We will be forever grateful to this kind man.

Friends of the Hancock Library coordinator lists organization activities

Editor:
Sea Coast Echo
Bay St. Louis

Dear Sir,

Together we should list the objectives and accomplishments of our organization since May.

The summer weeks rushed by, but we can say with a touch of pride and thanksgiving they were 'weeks of accomplishments.'

The Friends of the Library Advisory Board added a new member, Gail Thames. That gives us Dr. Marion Wolfe, Roy Baxter, Norton Haas Sr., Charles Gottchaux and Gail—all are energetic boosters of our library system.

Programs for the 1983-84 season are booked solid with good speakers, music, artistic talents—just to give you an idea, the first program was 'Inside Mainland China' by Leo Seal—tracing his recent trip to that ancient land and giving insightful comments.

The final program 'Birding with Judith Touns' will have seven other equally exciting programs sandwiched in between.

That wonderfully active women's organization, the Bay St. Louis Junior Auxiliary, serve as refreshment hostesses at each meeting. We enjoy a greater variety of punch and people with this innovation. Monette Murphree serves as president and Jean Scaffide is hostess for September. Friends of the Library purchased a lovely lace tablecloth to be used by these hostesses.

Martha Van Peak, may her tribe increase, will continue to coordinate

membership and telephone committees. It would be helpful if each member would, right this minute, mark your calendar for library meeting first Thursday in each month, time 7:30 p.m., place—main Bay Library, Ulman Ave. entrance. Bring your neighbors, friends and guests.

Finances look good. We can continue to furnish a few 'extras' for our beloved libraries. We have asked Primá Wusnack to select some new books for the children's library and to replace the ash receptacle which was stolen this summer. These are just a few of the things your dues pay for. Let's raise some more money by having an early fall book sale.

Doris Corrio continues as treasurer in cooperation with library staff member, Ken Garrison who keeps records, makes disbursements and deposits.

Our display case exhibits continue to be well received and collectors and hobbyists are most cooperative.

Paintings will be displayed on rotation basis to feature our local artists.

Meg Hilliker deserves a verbal orchid for her devotion to the library flower gardens at the main branch. Meg braves summer heat each Wednesday to pull weeds. We appreciate Meg very much.

Together we can have an outstanding year. Plants and flowers will continue to be provided for the library.

Look forward to seeing each of you. Till then thanks for your loyalty. Warm good wishes,

Joe Pilet

BETTER JUSTICE

Mississippians interested in improving the criminal and juvenile justice systems through citizen involvement are invited to attend the 13th annual forum of the National Association of Volunteers in Criminal Justice, Oct. 16-19 at the Hyatt Regency Hotel in Nashville, Tenn., says Ruth Wilson, director of the Governor's Office of Voluntary Citizen Participation.

The forum will bring together professionals and volunteers to focus upon successful continuation of services through effective use of individuals as well as money.

Rev. Will Campbell, a Mississippi native, former civil rights activist and founder of the Southern Prison Ministry, will be one of the featured keynote speakers.

Workshops will include criminal justice program models, discussions on how to work within the political process, volunteer management skills and how to raise funds.

"The NAVCJ Forum 83 will focus upon the invaluable role that volunteers can play and stress the tremendous importance of organizations coordinating efforts in effectively utilizing

volunteers," Wilson says. "The Governor's Office of Voluntary Citizen Participation is fully committed to ensuring that this project will be successfully implemented in Mississippi."

Further information about Forum 83 may be obtained by contacting Wilson at 802 North State St., Jackson, 39201, or by dialing 961-4393.

Gov. William Winter has announced that Russell C. Davis, former mayor of Jackson and a member of the state Legislature, has been appointed special consultant to the governor on community and economic development.

Davis will assist in review of Community Development Block Grant applications submitted for economic development activities.

The review of these applications will be closely coordinated with the Mississippi Research and Development Center and the Department of Economic Development to ensure that the Department of Community Development, Governor's Office of Federal-State Programs, is closely coordinated with other state agencies having a major role in economic development.

THE WHITE HOUSE WASHINGTON

LABOR DAY, 1983

Each Labor Day provides us with an opportunity to pay homage to the workers who have helped make America great.

I join with all Americans in saluting the contributions of the nation's working men and women, the most productive workers in the world.

The endeavors of today's workers and their unions assure that our country will have an even brighter future. Yet the bounty we have reaped from these laborers is not limited to mere products and services. Our workers have been one of the cornerstones of our democratic system. The values they have passed down from generation to generation have strengthened America as the land of opportunity.

Even though the nature of our labor has changed over the years, Americans still believe that all work is noble. In celebrating the efforts of American workers, past and present, we honor this fundamental truth as well.

On this day we also reflect on our foremost domestic challenge: providing job opportunities for all Americans who want to work. Through my Administration's Economic Recovery Program, we are bringing new hope to Americans. Already this year more than 1.1 million more Americans are employed than last December. The resurgence of our economy is bringing real jobs — jobs with a future — in the private sector.

The improved economic climate we now enjoy promises all Americans a prosperous future. It is our nation's workforce that will play a vital role in helping America realize its full economic potential.

HNC scores 28-14 victory over Rocks

By JUNE M. HEYDT

In a fast moving game the Hancock North Central Hawks won their first home game against the St. Stanislaus Rock-A-Chaws, 28-14.

With the ball on the Rock nine-yard-line, Hawk Running Back Lydell Curry scored a touchdown as the buzzer sounded ending the third quarter breaking a tie of 14-14 and taking the lead 20-14.

Early in the game the Hawks intercepted the ball at the Rock 22-yard-line. Hawk Fullback Mark Jackson scored on a one yard run to earn the first touchdown of the game.

The Rocks came back with 11 minutes and 13 seconds left in the second quarter and scored their first touchdown as Matt Scardino passed seven yards to Tailback Casey Wittmann putting the Rocks in the lead with a score of 7-6.

With one minute and 21 seconds left to go, Rock Split End Russ Betcher scored giving Stanislaus a lead of 14-6.

The Hawks came back to tie the score at the end of the second quarter 14-14.

With the ball on their own 46 yard line the Hawks lost the ball when SSC Tailback Jerry Kelly recovered the ball.

In the second half, the Hawks scored again on Tony Guidry's 38-yard touchdown run on a pass from Quarterback Scott Farve.

The Hawks recaptured the lead in the third quarter on a nine-yard run by Lydell Curry.

Curry closed out the scoring with a 19-yard touchdown run in the fourth quarter and a two-point conversion on a pass from Farve.

Other highlights of the game occurred when Rock Center Jimmy Thrifley recovered the ball on the 47 yard line.

Later in game, Jerry Kelly recovered a fumble for the Rocks.

Following the game, Vernon Powell, Rocks head coach, said, "We made mistakes and got beat on mistakes and

that's what hurts. If we learn from our mistakes now, we won't make them again."

Powell continued, "They (the Hawks) capitalized on our mistakes."

Hawks Head Coach Irvin Favre said, "It was a good ball game, we played very well and that is what we had to do in order to win. We knew the Rock-a-Chaws were going to play a good game."

Favre added, "It was a clean hard hitting contest, especially in the second half. We executed well as the offensive line did a fine job blocking. It was a very hot night and we had been preparing since Aug. 8 for this game."

Favre said about the Stanislaus team, "Vernon Powell has really improved the Rocks since last year, he has a very fine club and I look for them to go a long way this season."

The Hawks will play Pearl River Central next Friday, while St. Stanislaus will face St. John.

WALL OF SUPPORT—St. Stanislaus Rock-A-Chaw Chuck Yarborough, No. 45, left, with ball, makes a nice gain with interference by Joe Golmon, No. 84 and Greg Naff, No. 78, as the Hawk defense led by Drew Malley, No. 44 at right block path. In a hard hitting contest which was tied at 14-14 at the half, Hancock North Central scored two unanswered TD's in the second half for a 28-14 victory. (Staff photo by Ellis Cuevas).

CURRY SCORES—Lydell Curry, No. 32 scores the first of two touchdowns for the Hancock North Central Hawks as he is being chased by Jerry Kelly, No. 81 of the St. Stanislaus Rock-A-Chaws. Curry also added a two point conversion on a pass from Jeff Smith. The game was an evenly matched contest until the Hawks scored their third TD after the intermission. (Staff photo by Ellis Cuevas).

Pass loses to Warriors 21-6, but Pirate lines awesome

By WAYNE DUCOMB JR.

Although Pass Christian High School lost to d'Iberville High School 21-6 Friday night, the Pirate offensive and defensive lines are the most awesome squads fielded by the Pass in years.

The Pass Pirate defensive line really showed it stuff by recovering six of seven Warrior fumbles during the contest and by limiting d'Iberville rushing drives.

In fact, the Pirates only score of the evening was set up by a Pass defensive line recovery of a Warrior fumble in d'Iberville territory with about five minutes left in the game at the Warrior stadium.

The Pirate offense pushed to the one yard line where the Pass offensive line opened a hole up the middle and rookie quarterback Joey Rogers bulldozed in for the touchdown.

But the Pass failed in the conversion attempt.

Early in the game d'Iberville established its supremacy by marching down field and scoring both a touchdown and PAT within the first five minutes of the contest.

A few minutes later into the first quarter, the Warriors again scored with a pass by Quarterback Danny Kelley to Tight End Tommy Moore who scampered in for the TD.

HUSTLING—Handing off to a Pass Christian High School back in a Friday night game against d'Iberville High School is Pirate Quarterback Joey Rogers, No. 11. The Pirates lost the game, 21-6. (Staff photo by Wayne Ducomb Jr.)

TIGER DEFENSE GOOD—Bay High Tigers (in white) dominated a defensive struggle Friday night as they shut out Stone County 6-0 in a Deep South Conference contest. The Tigers scored midway in the third quarter when Jeff Smith, quarterback teamed up with Eddy Nelson for a 45 yard score. The Tomcats threatened late in the game only to be stopped by a crisp tackle causing a fumble which the Tigers recovered. (Staff photo by Steven Lizana).

Tigers top Tomcats in season opener

By ELLIS CUEVAS
The Bay High Tigers opened the 1983 Deep South Conference with a victory over arch rival Stone County Friday with a 6-0 victory.

The Tigers scored midway in the third quarter when Jeff Smith, quarterback teamed up with Eddy Nelson, split end on a 45 yard play.

Snuffy Smith, Tiger head coach said, "Our whole defensive team played an outstanding game. Stone used a lot of wide plays and that was the only area where they were successful, yet our defense kept them from scoring."

After receiving the opening kickoff Bay High drove down the field to the Tomcat ten yard line where a field goal was attempted and missed.

Smith stated, "A high snap from center caused the field goal to be missed."

The Tigers were in serious trouble after they scored. Stalled and forced to punt from deep in Tiger territory, Stone took over on the 35 and in a quick succession of successful plays, marched to the Tiger five yard line.

"A crushing tackle of the quarterback by Thomas Antoine caused him to fumble and BHS recovered to stop the drive," Smith added.

Bay High used a balanced attack in the game, netting 53 yards each via passing and running. The Tomcats netted 93 yards running and were held to zero passing.

The only injury noted by Smith in the game was a bruised thigh to Mark Johnson.

Smith said Johnson was slowed a bit from the injury and that was one of the reasons Stone was able to click on several wide plays. Johnson's injury makes him a doubtful starter when Bay High meets Pass Christian next week.

Tim Proulx, injured in pre-season practice also remains doubtful for the Pirate encounter.

With regard to the Tiger performance, Smith commented, "We made a few mistakes on defense and offense, which is normal for an inexperienced team in an opening game, we hope to cor-

rect those type of mistakes as the season progresses."

"Every game on the schedule this season is a big

one, and any team can be the victor. The Deep South Conference is very well balanced," Smith allowed.

THANKS TO EVERYONE

I wish to express my sincere appreciation to the voters of District One who voted for me in the Democratic Primaries. I also wish to congratulate Mr. Pete Noto on his re-election and for conducting a very clean campaign.

Thanks,

Hospital sites CONTINUED FROM PAGE 1A

Green Meadow Roads, and all the streets in the immediate area of where the new hospital site has been proposed.

Gulf Regional Planning Commission has also made a study on population figures and has prepared a map showing demographic statistics in a two mile radius around the proposed site, Bennett reported.

The population figures show that the area for the site in Bay St. Louis has a population of 10,287 people or 819 persons per square mile, he said.

A Nicholson Street site in Waveland has population figures of 7,164 or 570 people per square mile around that proposed location, added Bennett.

"Also the City of Bay St. Louis has been approved to receive Urban Development funds. The city stands ready to charge the lowest rate allowed by the U.S. Department of Housing and Urban Development," continued Bennett.

"Also statistically during Hurricane Camille there was four to six inches of water in the Waveland Resort Inn. The Inn is right next to the property proposed for another hospital site, in Waveland," said Bennett.

"The land in Waveland would have to be mucked out and filled in. The land in Bay St. Louis has a high elevation, according to the engineers," Bennett reported.

Bennett added that he hopes the con-

trovery over which city will house the new hospital will not affect the good working relationship that the two cities now have.

"We have met with the hospital board and several of the doctors and they all agree that a new hospital is needed but they really don't care where it is built, just as long as it is built," said Bennett.

As far as the price for the land in Bay St. Louis, Bennett said, "We can't quote any figures until an appraisal is done."

FIRST VOWS—Eight men pronounced first vows as Divine Word Missionaries at St. Augustine's Seminary in Bay St. Louis Aug. 27. They have completed the year of novitiate at the seminary and now continue their training. Seven will enter theological studies for the priesthood in Chicago. Bro. Dan Holman will work at Immaculate Heart Parish in Lafayette, La. On the same day, four men renewed their vows, and one, Brother Dennis Newton, took his

perpetual vows. Brother Dennis, from Waterloo, Iowa, is currently working at St. Augustine's in the business office. The class includes, from left, Dan Holman, Fostoria, Ohio; Chris Hahn, Hampshire, Ill.; Tom Jackson, Houston, Tex.; Anthony Tran Doan and Peter Vo Ta De, both of Vietnam; Tom Herbst, Dubuque, Iowa; Fr. Bede Smith, director of novices; Francis Tucker, Concord, Calif.; and Gary Bessler, Cincinnati, Ohio.

Sacred Heart Brothers name novitiate director

Brother Bernard Couvillion, SC, of the New Orleans province, has been named director of novices for the American interprovince novitiate of the Brothers of the Sacred Heart.

As director of novices, Brother Bernard leads a staff of three brothers responsible for the novitiate formation program.

Brother Francis Corradi, SC, of the Province of New

York, continues for his second year on the staff, and Brother Robert Breault, SC, of the New England Province, replaces Brother Roland Ouellette, SC, who has served as director of novices for the past five years.

Brother Bernard has been member of the novitiate staff since 1980 and has been involved in the work of religious formation since 1975.

Prior to that he was English

Department chairman at Brother Martin High School in New Orleans.

A representative to the General Chapter of the Brothers of the Sacred Heart in Rome in 1976 and 1982, he served as a member of the international study commission drafting the Institute's rules and constitutions between 1979 and 1982.

He has been involved in giving conferences and retreats to brothers in England, Zambia, and Australia.

He has recently pursued graduate studies toward a degree in spirituality at the University of San Francisco and is presently enrolled in Loyola University's Institute for Ministry.

Brother Francis Corradi holds a master's degree in liturgical studies from Notre Dame University and is continuing graduate work at St. John's University in New York.

Brother Robert Breault, a member of the provincial council in the New England province since 1976, has an MA in guidance.

He is presently director at Bishop Guertin High School in Nashua, N.H.

The new staff begins its duties with the opening of the next session of the novitiate in January, 1984.

Located in New Orleans, the interprovince novitiate is an 18-month intensive program of preparation for religious profession, including studies in scripture, the church, the history and ministry of the Brothers of the Sacred Heart, the vows, and the rule of life of the congregation.

Novices undertake to prepare themselves for ministry through experiences of prayer, retreat, spiritual direction, and a period of apostolic work in schools conducted by the brothers.

"Since we joined our American novitiates three years ago," said Brother Bernard, "the program has been aimed at preparing brothers for the future, at building up the church of the '80s and beyond through dedicated religious community and Christian education."

"Nothing fills me with more hope or satisfaction than the enthusiasm of novices for this task. Nothing has challenged me more than the dedication and witness of the novitiate staff. The Brothers' life has something very special to offer to the Church and to the world, and I am very happy to be a part of its creative growth and transformation."

THE ABUNDANT LIFE

By Shawn Murphy

MINISTER, BAY ST. LOUIS CHURCH OF CHRIST

The cup of blessing... is it not the communion of the blood of Christ. (1 Cor. 10:16)

Like a curious child, the visitor who attends the worship service for the first time wonders about the meaning of the loaf and cup shared by the congregation. If he were to ask for an explanation of this custom, he might be told that this service is a memorial to the death of Jesus. He also might be told that the church is "proclaiming the Lord's death until he comes." (1 Cor. 11:26). He might be told that this is simply "the communion."

But what do we mean by communion? Does this term refer to private communion with God - communion in which each Christian is sealed off from his brother or sister in Christ in order to enjoy his own private experiences with God? Or does the term refer to a communion with fellow Christians in which the church is brought closer together in unity?

It was Paul who first referred to the Lord's Supper as communion (1 Cor. 10:16). He used this term at a time when the Lord's Supper was being turned into chaos. The Corinthians had so destroyed the meaning of the Supper that Paul dared to say, "When you come together, it is not the Lord's Supper that you eat." (1 Cor. 11:20).

When Paul was challenged to teach the Corinthians the real meaning of the Lord's Supper, he taught them that it was a communion. We must look for the meaning of the word at Corinth, where Paul was ministering.

with his own meal, and one is hungry and another is drunk." (1 Cor. 11:20-21). The problem was that while some of the Christians feasted, others were hungry and were forced to feel their poverty painfully and shamefully.

So what does Paul mean by communion (KJV, ASV) or participation (RSV, NIV)? The Greek word is the term KOINONIA, which has the basic meaning of a sharing of something that is held in common. KOINONIA is often translated "fellowship". It is the term for an intimate relationship between close companions, as in the Christian's relationship to Jesus Christ.

Communion, then, means "sharing with Christ." In the Lord's Supper Jesus is present with the church. There is indeed a vertical relationship between the believer and his Lord, for in partaking of his body and blood we unite with him and become his companions. The Lord's Supper is far more than a memorial for a deceased Lord. It is a time for communion, for fellowship with the One who is still present with us.

Annunciation Parish offering group events

sent with the church!

And yet right after Paul reminds the Corinthians of this vertical fellowship, he quickly adds, "Because there is one bread, we who are many are one bread." (1 Cor. 10:17).

The message that the immature Christians of Corinth had missed was that to share in Jesus Christ is to be brought into fellowship with others! One cannot enjoy communion with Christ without also experiencing communion with Christ's body, the church.

And so when we speak of communion in the true sense of the word we speak of a fellowship which is both vertical and horizontal. It is a time when Christ's church grows closer with its Lord as well as closer to one another.

May God bless us who have been called out to "discern the body of Christ" in more ways than one. Let us not only think about our Savior's sacrifice, his physical body but let us equally give consideration to our relationship with brothers and sisters, that is his spiritual body, which is the church!

Diamondhead theater conducting tryouts for mystery-thriller

Diamondhead Little Theater is conducting tryouts for its second production, "Wait Until Dark," Tuesday and Wednesday, Sept. 6 and 7. "Wait Until Dark" is a mystery-thriller that includes roles for six males, ages 20-50 and one female age 25-35.

Barbara Dickerson will direct the play. Production dates are Oct. 19, 20, and 21. Auditions this week will be held at the Diamondhead Sales Lodge at 7 p.m.

"We encourage all interested actors and stage hands to come to the tryouts," Dickerson said.

For information call Betsy Nolan at 255-7702.

Diamondhead's first play, "Never Too Late," was a "smashing success" and played to a sold-out crowd of 125 each night for three consecutive nights, Nolan reported.

"This theater group has, with its one performance, attracted members from Slidell to Biloxi. Though newly developed, the past experience of its 125-plus member in other entertainment fields is vast," she added.

"Press coverage and

reviews, hailed the first production as totally professional and a welcome addition to the

growing assemblage of Gulf Coast little theater groups," Nolan stated.

Bay breastfeeding group organizing

The newly organized Bay St. Louis group of La Leche League will conduct its first meeting on Wednesday.

The name 'La Leche' is Spanish and means 'the milk.' A non-sectarian, non-profit organization, the league's purpose is to help support breastfeeding, says spokesman Aubrey Mueller.

The group will meet the first Wednesday of each month. During a series of four meetings, the group informally discusses different phases of breastfeeding. Topic for first meeting is 'Advantages of Breastfeeding to Mother and Child,' she reports.

"All women interested in nursing their babies are invited—as are their babies. You need not be pregnant or even have a family to attend.

If you are a wife and hope some day to have children, if you are a grandmother, if you are interested—you are welcome," Mueller states.

La Leche League began in a Chicago suburb more than 20 years ago, when one mother, who had successfully nursed her baby, helped another who wanted to breastfeed, Mueller explains.

"This is still the basic approach, although the league is now international in scope, with more than 3,500 groups helping countless women in the United States, Canada, and more than 40 other countries," she states.

For further information about the new Bay St. Louis La Leche League group, call 467-7631.

Arm wrestling Monster awaiting challengers

The 'Monster,' first arm wrestling machine to be exhibited in Mississippi, is the highlight of a 'Giant Flea Market' which continues at Rice Pavilion in Gulfport Sunday and Monday.

Some 52 booths are operating in the pavilion at the Gulfport Small Craft Harbor, according to Ron Meyers of Ron Meyers Productions, sponsors of the three-day event which began Saturday.

"We are proud to introduce the first Monster arm wrestling machine in the State of Mississippi during this Labor Day holiday weekend," Meyers said.

"This machine is the fairest yet devised to determine who has the strongest

arm—there can be no cheating," Meyers pointed out.

"And there can't be any broken bones with this machine," the promoter added.

"We hold the only license in Mississippi to operate this machine which has been featured in National Geographic magazine," Meyers noted.

Trophies will be awarded in five weight classes in both men's and women's divisions.

Also Sunday, a jazz band will provide entertainment, and Monday's schedule includes the Keesler Air Force Base Chorus.

All events are free and open to the public.

ETV Brief

150 YEARS AGO

Richard Reeves' "American Journey," a two-hour documentary inspired by Alexis de Tocqueville's writings about his travels through American 150 years ago, will be rebroadcast on Mississippi ETV at 8 p.m., Wednesday, Sept. 14. It will be followed at 10 p.m. by "Richard Reeves' America" in which Reeves is interviewed about his book.

The "American Journey" crew traveled 18,000 miles

from the tip of Florida to the edge of Alaska, creating an impressionistic film portrait of America 150 years after de Tocqueville's journey.

The documentary relates that generally Americans today are essentially the same as those de Tocqueville met: determined and aggressive; entrepreneurial in spirit; and open-minded yet parochial; and above all, they are a people with a personality that is uniquely "American."

AAA predicts lower gas prices after Labor Day

An American Automobile Association official says consumers can expect gasoline prices to fall but not until after the Labor Day weekend.

Bob Fry, director of public affairs for AAA Central Gulf region, says gas prices have held steady in Louisiana since the fourth of July.

According to AAA's most recent Fuel Gauge Report, prices have increased slightly in Mississippi. At the same time, the wholesale cost per gallon has declined from one to two cents during the past 30 days.

"The drop in price at the wholesale level," says Fry, "should be followed by a drop at the retail level. Apparently, the retailers have decided to do a little extra profit taking and cash in on the high volume of sales to holiday travelers."

"When the holiday is over and demand drops, we should see an adjustment in line with the wholesale drop," he feels.

Fry advises motorists to shop carefully while traveling and watch for any stations that might buck the trend and drop their prices before the holiday weekend is over.

"One station dropped its price two cents a gallon for three days and then increased the price by five cents," Fry notes.

"So, it seems the temptation is there for the stations to try to attract volume sales rather than rely on high prices in order to realize their profits," he reveals.

This temptation could explain recent reports of sudden price fluctuations with gas prices jumping up and down, Fry notes.

The average price per gallon at pumps in Louisiana now stands at \$1.252 compared to \$1.251 in early July. Comparable figures in Mississippi are \$1.335 and \$1.333.

Fry says for the nation as a whole, the average price is now \$1.283 compared to \$1.270. The highest price for full service premium gas recorded in Louisiana for the most recent Fuel Gauge Report was \$1.669. In Mississippi, it was \$1.609.

The lowest price for self serve regular was \$1.060 in Louisiana and \$1.169 in Mississippi, he adds.

AAA also advises, there

should be no problem finding gasoline during the holiday with more than one of four stations in Louisiana planning to stay open 24 hours a day.

Some 87 percent of Louisiana's stations and 73 percent of the stations in Mississippi will be open during normal hours on Labor Day, the AAA reveals.

Finally, the association asks motorists to remember that

schools are opening across the state and nation and drivers should be careful of increased toddler and teenage pedestrian traffic.

Many school bus operators are complaining of a growing disregard for laws related to motorists approaching and overtaking school buses, Fry reports.

"In the past," Fry said, "we have had a number of fatal accidents resulting from motorists ignoring school buses. From what the operators are saying to my office, we could easily see an increase in this type of tragedy. We urge everyone to exercise extreme caution during this school year."
